

Remote Spirit Release Terms and Conditions & Informed Consent

Aims and Objectives.

1. The primary objective of this procedure is to give aid and assist you in relieving the distress that a person close to you may be experiencing due to any discarnate spirit entity including dark force entities (DFE), inter-dimensional species, alien, curse, hex or earthbound spirit (EB).
2. Our secondary aim, but just as important, is to provide evidence to the psychiatric community that these spiritual procedures work and thereby provide efficacy for evidence-based medicine within the spiritual domain of healthcare.

Definitions of Terms Used

The person who is the *subject* of the remote spirit release procedure is referred to as *The Patient*. The person requesting the procedure and taking responsibility for the payment of fees is referred to as *The Client*. The interventionist team is comprised of a *Facilitator*, a *Spirit Medium* and a *Spirit Guide*. All administrative duties are managed by an Administrator.

Method employed

The method of intervention employed is the **Remote Spirit Release** method (**RSR**).

For the **RSR** method a team of two practitioners, a spirit medium and a facilitator are employed and the procedure is conducted from a distance by telepathic and clairvoyant means. All spiritual work is conducted beyond the physical boundaries of time and space by the *Spirit Guide*. The Patient (subject) therefore will not be aware when the procedure is performed and there will be no need for the Patient to be in any particular place at any particular time. You, the *Client*, will be informed when the procedure has been completed. The remote method is ideal for Patients who are below the age of consent and for those who are too incapacitated or too ill to give consent or are detained within mental health institutions.

All Clients are sent a copy of the method protocol in pdf format with their written report.

Important Note: *We cannot be held responsible if the information or names on your referral form are incorrect. Please ensure that all information is accurate before submission as mistakes could result in misdirection and the outcome will be null and void. Fees paid are not refundable in the event of errors.*

Payment of Fees

The fee for a remote spirit release procedure is £100 irrespective of where you are in the world. The method of payment is through [Pay Pal](#). The fee of £100 will be automatically exchanged according to current foreign exchange rates and will be shown on your own statement in your local currency. No

other payment method is employed and if you are unable to access Pay Pal from your location then perhaps you can enlist the aid of someone who can. When a request for help is submitted by you (The Client) full payment in advance of £100 will ensure that your case will be entered into our schedule. Only Registered Patrons may use the drop-down menu for payment where a 20% discount can be applied. Please DO NOT claim a discount for your referral if you are not a Patron. Any such claim will be automatically held over until the balance of £20 be paid.

Session Recordings

All cases are routinely recorded for the benefit of Clients and Patients in order to aid in understanding the process of remote spirit release procedures. All Clients receive an audio recording of their session in MP3 format. Please don't try to play a recording on a device that does not support MP3. Recordings remain our copyright and are not to be shared with any other person without our expressed consent.

All cases are important and have value in research and for the education of students of the Remote Spirit Release method. It is therefore a requirement that all Clients give their approval and consent for all recordings to be used in confidence with complete anonymity for educational and research purposes. Therefore, acceptance of these terms and conditions infers automatic authorisation for recordings to be used for education and research.

Confidentiality & Anonymity

Your case is automatically allocated a unique case file number and all personal information is treated with the strictest confidentiality and anonymity. You are assured of absolute anonymity and confidentiality, and under no circumstances whatsoever will your name, the name of the Patient, or any other personal information be disclosed or revealed in any form for any purpose whatsoever.

Protection & welfare

Your welfare and that of the referred Patient are of the utmost importance and you may be assured that all means will always be taken for protection during the procedure.

Feedback Reporting

Providing efficacy of our methods is important for evidence-based interventions. It is therefore respectfully requested that Clients provide feedback after seven days on the efficacy of the intervention. When reporting back please give an indication of the outcome of the intervention by choosing just one outcome of the following options:

1. No feedback reported
2. No change
3. Better
4. Much better
5. A detailed testimonial given.

Informed Consent

Your acceptance of these *Terms and Conditions* is acknowledgement that you give your *Informed Consent*, on behalf of a Client of your own if you are a medical practitioner or other therapist, or for a friend or family member.

If you are acting on behalf of someone who is not able to give their own informed consent for any reason then, as referrer, you agree to take full responsibility for requesting the intervention on their
